ABOUT US

1948

Late Mr. R.C. Gupta opens Hardware Shop

1971

Acquired Factory for Copper Alloy Products

1996

Export Department Established

2009

Launched Bimetal Hole Saws

2011 to 2013

Bimetal Bandsaw Weld & Distribution Center with The M.K.Morse Co., USA

2012

Started Manufacturing of Bimetal Strips

2014

Started Manufacturing of HSS Rounds and Flat Wires

1963

Started Factory for Engine Bearing

1982

Started factory for Manufacture of HSS Hacksaw Blades & Tool Bits

2004

Started Bimetal Hacksaw Blades Production

2010

Implemented Expansion cum Modernisation Project

2012

Started Hacksaw Frames Production

2013

Started Bimetal Bandsaw Blades Production

2014

MAGICUT Takesover assets of ULTRA NOVA Roanne, France and the company renamed as MAGICUT ULTRA TOOLS

MESSAGE FROM THE MANAGEMENT

ULTRA founded in 1923 at Roanne, France is celebrating its Centenary this year. Starting with the production of only HSS Hacksaw Blades ULTRA gradually evolved into manufacturing of a broad range Saws & Tools. Today ULTRA's product portfolio covers an extensive range of Hand Tools, Power Tool Accessories and Cutting Tools. The company is industry wide well known as an Innovator when it comes to Products, Quality and Marketing.

ULTRA today has a fully Integrated Manufacturing facility where along with its range of HSS, Bimetal, Carbon and Carbide Saws the company is producing HSS Flat Wires, Bimetal Strips, Hacksaw Frames, Arbors, Back Plates, etc. all by itself. The company is headquartered in Mumbai, India with its manufacturing plants at Daman, Ankleshwar and Palghar along with fulfilment centres in France, Netherlands, UAE and Singapore.

Each of ULTRA's products are of the highest international quality standards and are sold worldwide in the market segments of DIY, OEM and Distributors/ Specialized Retailers. ULTRA has successfully penetrated various market segments, as it has been able to understand Customer Requirements, Upgrade its Production Facilities, Provide Quality Products, Add New Products, Offer Good Service Levels, Marketing Support and Sales Promotion. ULTRA has gained a Wealth of Experience covering the manufacturing of variety of products and has always kept pace with the rapid developments of the Modern High Technology Production Techniques. The company continues to maintain and upgrade the quality of its products so as to Maximize Customer Satisfaction and Future Growth.

Today the company is full of successes, but it has had to face its share of great challenges and we have arrived at this milestone through the support of many people. We would like to express our sincere appreciation to all our Employees, Customers, Suppliers, Local Community and all other Stakeholders who have supported us over the years and without them we would not have been able to cross this Historic Landmark.

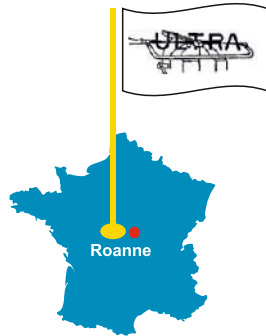

As we look ahead to the next 100 years, we will continue to rely on continuation of all the support that we have received until now. Going forward the business will be segregated into three separate divisions - Saws & Tools, Bandsaw Blades and Speciality Steel with the focus to build up and leverage on the legacy of the ULTRA brand for better market penetration in both existing and new markets. While doing so we vow to prioritise our People, Society and Environment.

The World Sawing Specialist

CELEBRATING 100 YEARS OF A RICH LEGACY

1923

Established DÉMURGER SA
in Roanne, France

1932

Launched Hand Tools

Started Production
of Hole Saws

1990

1995

New Production Workshop
for Bandsaw Blades
Inaugurated

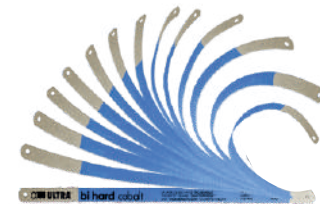

1996

Company Obtains
ISO 9001 Certificate

1984

Launched Bi Hard Cobalt
Hacksaw Blades

DIAM Group Takeover and name
changed to ULTRA DIAM

2006

2022

Purchased Equipements for
Hacksaws & Carbon
Band Saws from DORMER
TOOLS INDIA PVT LTD

Implemented 5S
Operational System

2021

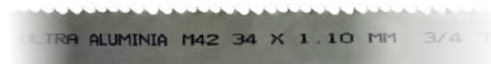

2018

ULTRA TOOLS Obtains
ISO 9001 Certificate

ULTRA gets back the Ankleshwar
Unit and Consolidates all Bandsaw
Blades Manufacturing at this location

2023

ULTRA TOOLS Obtains
ISO 14001 & ISO 45001 Certificate

ULTRA®
The World Sawing Specialist

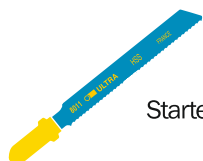

Introduced HSS Hacksaw Blades

1935

1950

Sold 25,000 Sawing Machines and became the Leading French Manufacturer

1983

Started Production of Jigsaw Blades

Launched ULTRA 77 Hacksaw Frame

1968

1964

Export Department established

2008

ALFRA Group Takesover and name changed to ULTRA NOVA

Joint Venture in Ankleshwar, India for manufacturing of Bimetal Bandsaw Blades

2012

2014

MAGICUT Takesover and name changed to MAGICUT ULTRA TOOLS

ULTRA TOOLS SAS Established in Paris, France

2017
